

External and Internal Coach Training and Development Prospectus 2017

Transcend is a leading coach training organisation dedicated to continuous learning and committed to creating the conditions for meaningful transformations for individuals and organisations. We offer a complete coach training program accredited by the International Coach Federation.

Strategically located in Hong Kong, we offer open enrolment public programs and internal corporate coach training for the Asian and global markets. In accordance with ICF guidelines all of our coach training is delivered live, either in-person or online.

In addition to coach training, we also offer coaching services that include: individual coaching, mentor coaching, team coaching, certified coaching supervision and consultation on developing coaching and mentoring programs.

Advanced Certificate of Professional Coaching – ACTP

This 130 hour program of coach specific training is a complete coach training pathway and is designed to ensure that coaches graduate with the confidence, competence and capability to coach at the Professional Certified Coach (PCC) level. It is a learning journey with a well-developed blend of instruction, guided practice, reflective learning, mentor coaching and real coaching practice that imparts skills and transforms coaches.

Upon the successful completion of all the requirements for this program will earn coaches the **Advanced Certificate of Professional Coaching** and be able to advertise their services as a **Transcend Advanced Certified Professional Coach**.

This means that they have been assessed and are demonstrating coaching competency at the Professional Certified Coach (PCC) level and have exceeded all the educational and mentor coaching requirements for both the ICF Associate Certified Coach (ACC) and PCC credential. Note: A minimum of 125 hours of instruction and 10 hour of mentor coaching is required by the International Coach Federation for a program to qualify for ACTP approval.

Our 130 hour ACTP program is comprised of 2 distinct stages of certification, that each are made up of 2 modules:

1. **Certificate of Professional Coaching**
 - a. Certification Module 1 – CERT 1
 - b. Certification Module 2 – CERT 2
2. **Advanced Certificate of Professional Coaching**
 - a. Advanced Certification Module 1 – ACERT 1
 - b. Advanced Certification Module 2 – ACERT 2

As mentioned previously, our ACTP program is comprised of 2 distinct stages of certification both of which can be completed as stand alone and are designated as Approved Coach Specific Training Hours (ACSTH) by the ICF.
